Dear Hiring Manager,

I am excited to apply for the Front End Developer position in Eptura. As a highly skilled and motivated web developer, I possess a proficiency in Frontend foundations, including UX tools like Figma and Photoshop.

My ability to prioritize tasks effectively, combined with my experience in managing multiple projects simultaneously, has allowed me to meet deadlines and deliver high-quality results consistently. I am also a quick learner and eager to learn new technologies, which enables me to adapt to new projects and environments quickly.

Throughout my career, I have worked on various projects from creating responsive websites, Designing Sections, components, icons, On-page SEO and inspection sites with Google Page Speed. I used my expertise in HTML, CSS, Saas and Bootstrap to create a visually appealing and user-friendly website. I also have been working on a personal project using React JS v18 - Saas - Hooks and fetching API data.

I believe that my skills and experience make me a perfect fit for this position, and I am excited about the opportunity to contribute my knowledge and expertise to your company. Thank you for considering my application.

Sincerely,

Rafael J Agar Ocanto
